Education

Advanced Educational Scientific Center of Moscow State University

STUDENT

2017 - 2019

- Informatics

Higher School of Economics

BACHELOR

2019 - 2023

- Applied Mathematics and Informatics

Skills

Languages C++, Python, Go, Java

Frameworks Qt

Databases SQL (basic)

Technologies Algorithms, Git, Unix, HTTP, Docker (basic)

Markup Latex

Projects

Backend API

GITHUB LINK

2020

- Implemented processing of ajax-requests of the ready-made frontend
- HTTP, MongoDB, JSON, JWT, API
- Go + Gorilla Routing

Hash map

GITHUB LINK

2020

- Implemented a hash map with a chaining method
- C++

School projects

GITHUB LINK

2018-2019

- Simple image processing (convolution, median filter, Sobel edge detection) and Graphs' plotting
- Qt Framework
- C++

Achievements & Awards

2019 **Gold medalist**, All-Siberian programming olympiad

2019 **Gold medalist**, Moscow programming olympiad

2020 **Participant**, Google Code Jam Round 2

Languages

Russian Native

English Intermediate
